To those who so easily adapted themselves and their moods to us.

Mr. Dean lectures to his students.

Relaxing, Mr. Keller awaits his next class.

APPRECIATION

The student body would like to express its sincere appreciation to you for showing us the importance of originality of thought and expression. You have, through your interest in us, stimulated us to broaden our cultural and intellectual understanding.

Outside the classroom you have always been persons to whom we could go with our problems, or perhaps to share the latest joke. In the classroom you make our day more enjoyable with your humor and personalities.

Our many thanks to you for being some one whom we can count on not only as teachers, but as advisors and friends.

Personal advice is given to Landis Hibshmen, Orry Good, and Bruce Good by Mr. Keller.

SCHOOL BOARD

Probably few students are aware of the vital role which the school board has in the operation of our school.

The entire board consists of five men representing each of the six townships. These men are Earl Deibler, Monroe Good, Arthur Stubbs, Howard Spotts, and Clayton Good elected from Brecknock Township; James Hay, William Trope, Percy Weller, Harvey Overly, and Charles Thomas delegated from Caernarvon Township; Eugene Burkholder, John Willwerth, Paul Sweigart, Parke Dunlap, and Jacob Wise representing Earl Township; Ivan Witwer, William Eaby, Menno Eby, Roy Boley, and Theodore Sheaffer selected from East Earl Township; Alan Hunsicker, Albert Best, Dr. Louis Williams, Lester Schreiber, and Roy Hooper elected from New Holland Boro; R. S. Myers, R. C. Bucher, Jr., Roy Fritz, Michael Wenger, and Stanley Eckenroth delegated from Terre Hill Boro.

These representatives are elected by the citizens every other year in November for a six year term, taking office in December. This means that not more than two new men are elected at one time.

The duties of this board of men are to establish all school policies and the responsibility of the maintenance and operation of this school. To do this efficiently, three committees are set up within the board.

The Education and Finance Committee is responsible for securing all funds necessary to promote better education and to carry out all operations in the school. To incur smooth operation of all its duties, this group holds regular monthly meetings.

The school building is maintained structurally by the Building and Maintenance Committee which meets only when especially necessary.

As the name would imply, the Transportation Committee regulates the passage of students to and from school. They also map the bus routes and stops.

Together these committees work to produce an efficient school system that will enable the students to gain and to use much knowledge.

Ma Potter's Kingdom

by

D. C. Keller & J. W. Dean

Ma. Potter's Kingdom was an original musical comedy written by two faculty members, Mr. Keller and Mr. Dean. Miss Smith assisted in accompanying the orchestra while Miss Mamula designed and executed the sets with the help of the stage craft club. Mr. Yost aided in the role of stage manager.

The plot was of a cleaning woman, Ma Potter, who disapproved the violence typical of a play, decided to write a play of her own omitting all violence. The story takes place in the throne room of a medieval castle.

This musical was put on entirely by the students of our school. In addition to the regular cast, a chorus, orchestra and a dance team, participated in the production.

Birgit, the German fraulein featured on this page, has done much to challenge us by her interest in our activities and by her superior scholarship.

Her vivid expressions allow us to see even more clearly the profound moods of our school. We often see her lost in concentration, in quiet discussion, or laughing with her friends.

Although this year of Birgit's visit is drawing to a close, part of her will always remain with us in memories of shared experiences and understanding of her homeland.

Doing things together ties a family into a unit and makes the home a place of security for children and much-loved guests. Here Marilyn, Birgit, and Mr. and Mrs. Weatherby look over a family album.

Girl talk, while leafing through a magazine, gives Marilyn Weatherby and Birgit Drasdo a feeling of sincere friendship.

Our Strength and Our Hope FOR THE FUTURE...

Today's graduates—they're our great strength and our great hope for the future. They are the ones who will help make our world better in the years ahead. They'll do it with youthful energy and enthusiasm, and with the aid of the information they're getting in their classrooms.

We're all proud of our young people now. We'll be even more proud when they're our leaders tomorrow.

And, you can be sure, we reserve a special vote of thanks for the teachers who are helping show them the way.

EN SPOT HIGH SCHOOL

No 12

The end of the day brings a rally of shouts as students race outside, some elated, others frustrated.
